The Peace on The Horizon - 75 Years after The World War 2 in the Middle East (139)

Chapter 5: Two calendars (Gregorian & Hijri) (25)

139 Israeli prime ministers received Nobel Peace Prize twice (3/4)

Alfred Nobel, the founder of the Nobel laureate, told that the peace prize would be given to;

"The said interest shall be divided into five equal parts, which shall be apportioned as follows: / - - / one part to the person who shall have done the most or the best work for fraternity between nations, the abolition or reduction of standing armies and for the holding and promotion of peace congresses."
(Excerpt from the will of Alfred Nobel)

In hopes of reconciliation and peace between Sweden and Norway, Peace Prize is awarded in Norway. As a result, the Nobel Prize in five categories of physics, chemistry, physiology / medicine, literature and economics is awarded in Stockholm, Sweden, whereas only the Peace Prize is awarded in Oslo, Norway.

What was the meaning of the Nobel Peace Prize given to the Middle East peace talks? The reason of awards were the peace building efforts in the Middle East. There was no doubt that three Israeli politicians made a great contribution to the peace with Palestine in spite of the strong domestic opposition. Nobody would object against the decision of the Nobel selection committee that Israeli politicians were deserved to the Peace Prize.
