## **The Peace on The Horizon - 75 Years after The World War 2 in the Middle East (166)**

### **Chapter 6: Genealogy of Islamic terrorism (22)**

#### **166 Monotheism sharply distinguishes ally and enemy (6/6)**

Following the British and French imperialism the United States brought about a big problem in the Middle East. The history will judge that whether US is right or wrong. Let's remind that it took hundreds of years to settle Christian medieval argument of heresy for Protestant. It will take considerable length of time to judge the correctness of the current event in the Middle East Islamic world.

Taking into consideration that it took less than 100 years after World War II, the confrontation of pagan, sectarian and heresy in Islamic world is too short to have finale. Both the United States and the IS dream to realize their own justice and to establish the kingdom of God or Allah/ They are too hasty to settle.

For the time being there will be no choice but to watch the situation even It may sound very irresponsible. In ancient poetry saying; The arrogant ruler is not forever. It is only a nap dream at spring night.
